Kelly Coughlin

Executive Director
SnoValley Chamber of Commerce
425.888.6362
snovalley.org
Kelly@snovalley.org

The SnoValley Chamber of Commerce is excited to provide this 2020 Visitor, Community and Business Guide. It is the perfect resource to keep nearby for the entire year. Whether you are a long-time resident, new to our communities or a visitor to this beautiful valley, this guide is for you.

The SnoValley Chamber is a Regional Chamber of Commerce, serving the business communities of Fall City, North Bend, Preston, Snoqualmie and Snoqualmie Pass. Inside this guide you will find information packed pages describing the communities that we serve.

The Snoqualmie Valley is defined by the beautiful Cascade Mountains, creeks, and rivers that all flow into the Snoqualmie River. The rich history of the valley originated with receding glaciers that produced distinguished large hard rock mountains, which include Mt Si, Little Si, Rattlesnake Ridge, Mailbox Peak, and many other mountains.

North Bend is headquarters for hiking with over a dozen major trail heads with varying levels of steepness and length, with interesting canyons, thick forests and amazing waterfalls. For the hearty hiker there are amazing views from the top of each peak which surround our valley.

Located just west of downtown Snoqualmie, Snoqualmie Falls is impressively tall at 268 feet and a must-see destination. Over 2 million visitors enjoy the Falls each year.

Our valley offers a variety of options for live entertainment almost every night of the week depending on the season, which include live theatre, jazz, folk, rock and blues music, poetry readings and other forms of entertainment including our wildly popular Snoqualmie Casino.

We encourage you to use this guide to keep fully informed about the wonderful resources our valley has to offer. **If you would like to come join and grow your business with us, check us out at snovalley.org.**

- Kelly

Board of Directors

The SnoValley Chamber of Commerce proudly serves our region by promoting business and helping maintain a healthy economic environment in our community. We work collaboratively with business owners, government leaders and community organizations to strengthen our local economy and plan for our region's future.

The Chamber represents a wide range of Valley businesses including high-tech, industrial, family-owned and home-based businesses. Professionals from all industries are welcome, and the Chamber offers a wide range of member benefits and activities. We provide marketing and advertising programs, networking opportunities, education, advocacy and support for our members. **For membership information, please call the Chamber Office at (425) 888-6362 or visit snovalley.org.**

Ride into History

ALL ABOARD A LIVING RAIL MUSEUM

photo by: Don Detrick

The Northwest Railway Museum has all the bells and whistles!

Thomas the Tank Engine visits the Snoqualmie Valley every July.

Washington State changed forever when the Northern Pacific Railroad reached Tacoma in 1883. In a few short years, the rails led nearly everywhere, and the Snoqualmie Valley was no exception. The Northwest Railway Museum tells this story of settlement and development in the Snoqualmie Depot, aboard the train, and on the Museum campus on Stone Quarry Road. Climb aboard for both adventure and enlightenment.

Incorporating more than five miles of Victorian-era railway and the 1890-built Snoqualmie Depot, the Museum is like no other: antique trains operate weekends from April 'til October

and operate to transport visitors not to another place, but to another time. The exhibit galleries are open daily in the summer, and with reduced hours in the spring and fall. Yet no matter when you visit, there are a multitude of "train"ing opportunities!

The Snoqualmie Wine Train operates six times per season. Ride aboard a 1920s vintage train.

For more information visit the at Northwest Railway Museum at TrainMuseum.org, or call (425) 888-3030.

Fall City

A RIVERSIDE COMMUNITY

Fall City is a family friendly, scenic Snoqualmie Valley unincorporated community located approximately 26 miles east of Seattle nestled along the banks of the Snoqualmie and Raging Rivers.

The rivers, trails and surrounding farms play a major role in drawing visitors to this area. In the summer and fall, fishing, floating or playing along the broad beautiful, gently sloping shoreline offer residents and visitors lots of recreational opportunities. Fall City, also, offers year-round access to the Preston-Fall City and Snoqualmie Valley trails for hikers, bikers and horseback riders. Valley farms and roadside stands supply fresh flowers and vegetables. In the fall visit the Pumpkin Patch for a walk into the fields to pick your own jack-o-lantern pumpkins for carving and sugar pumpkins for holiday pies.

Throughout the year Fall City Arts hosts a variety of family and fine arts programs, including "Shakespeare in the Park", a free, fun, annual summer tradition at Fall City Park. The Snoqualmie Falls Forest Theater's open air, rustic theater is a magical setting for theater goers young and old.

The Fall City Historical Society promotes and preserves the elements that make Fall City special including collecting, preserving and interpreting the history of Fall City as well as sharing our history through community programs, pop-up

displays, brochures for your self-guided, historical walking tour through town, complete with historical plaques at most sites.

The Fall City Metropolitan Park District and King County Parks work hard to preserve and improve recreational opportunities for the current and future generations.

Every summer (Saturday, June 13), the Fall City Community Association hosts Fall City Day with a street parade, arts, crafts, food vendors, Ducky Derby, USATF certified and sanctioned fun run, and more. During the winter holiday season save time (Saturday, December 5, 2020) to shop the holiday market featuring the creations of the many area artist and crafts persons; then finish out your day at the evening tree lighting ceremony.

Come to Fall City for the day or an overnight stay at the historic Fall City Roadhouse or spend the night in a treehouse at Tree House Point, the home base of Treehouse Masters. Stroll around the town, hike or bike on the trails, shop in one or more of several second-hand/antique/consignment stores, take a self-guided historic and/or art walk, dine in one or more of our many eating establishments or pick up supplies from our farm fresh market for a picnic in the park or river side, and more.

North Bend

EASY TO REACH, HARD TO LEAVE!

photo by: Don Detrick

North Bend is known for its stunning views, community events and recreational activities.

Immerse yourself in history and culture at the North Bend Historical Museum and the North Bend Railway Museum or explore the expansive trails and the picturesque Rattlesnake Lake. North Bend offers a wide array of year-round recreation, including hiking, fishing, mountain biking, climbing, kayaking, swimming and wildlife observation. During the winter months, snowboarding, skiing and snowshoeing are just minutes away.

North Bend also boasts a 35,000 square feet bike park open to all levels of riders at Torguson Park. A separate Striders track offers a safe environment for young children still learning to ride and allows parents to walk along and assist.

Bring the entire family out to the many community events held during the year, featuring local artists, wineries and musicians. Residents and visitors alike will love the eclectic mix of dining and shopping in historic downtown and at the Premium Outlet Stores.

photo by: Karter Riach

TOP THINGS TO SEE IN NORTH BEND

Mount Si Golf Course

Mount Si Golf Course is an 18-hole course with consistently good year-round course conditions, wonderful views of Mount Si, and a friendly staff ready to help you relax and let the rest of the world move on its way.

Mount Si also provides an excellent restaurant for your after-round meal or if you are just looking for a good place to eat. They serve breakfast, lunch and dinner and won't let you go home hungry!

We coach gymnastics for kids of all ages plus preschool for the little ones!

Our facility is 18,000 square feet filled with state of the art equipment and a huge
foam pit. MSGA is owned by Valley residents and we'd love to meet your family!

We're everything you might not expect from your local credit union.

When you think of a credit union, you might think of a small, locally-owned financial business that offers savings accounts and great rates on auto loans. Where your grandfather is a member and everyone knows his name.

That's us, for sure! *(If your gramps is a member, we definitely know his name.)*

The unexpected part? We offer modern technology that makes it easy to do business without ever visiting a branch. You can make remote deposits on our mobile app or apply for a loan online and experience the miraculous service of a local underwriting team. You can use over 85,000 surcharge-free ATMs nationwide. **And you still get low fees and great rates.**

We've been serving our members for over 60 years.
Let us exceed your expectations.

Elk in the Valley

MOUNTAIN LIFE

photo by: Don Detrick

Elk Viewing in the wild!
Don't forget to bring your camera!

- Always observe from a distance, preferably downwind.
- Use binoculars or spotting scopes.
- Talk and move quietly; minimize sharp sounds.
- Early morning and twilight are ideal times to see animals; also check nearby fields for herds.
- Do not disturb animals in mating season, particularly bull elk in the fall rutting season.
- Never come between a mother and her offspring.
- If an animal becomes nervous or moves away, you are too close.
- Pets should stay home.

Bring a camera! You can watch the upper Snoqualmie Valley's wild elk enjoy the open fields of Meadowbrook Farm Park from your car, or a paved, ADA accessible walking trail! This historic public open space is at the center of the 500-member elk herd's home range and offers multiple walking trails and car pull-outs for wildlife viewing.

While the elk may shelter in the trees during heavy rains, mornings and late afternoon or evenings are the best times to look for them, especially during summer and fall. Don't see an elk right away? Drive slowly around the perimeter of the Park—the elk may be in a nearby field. Walk quietly into one of the hidden fields. Visit the Snoqualmie Falls, sample the Valley's dining, breweries and shops, and look again for elk a bit later. Enjoy your visit to this unique public park!

*Just 30 miles east of Seattle and
minutes from Snoqualmie Falls!*

SnoValley Schools

HIGH QUALITY EDUCATION DELIVERED.

Welcome to the Snoqualmie Valley School District. Located in the scenic Cascade Mountain foothills, the district encompasses more than 400 square miles, serving families in Snoqualmie, North Bend, Fall City and surrounding areas of unincorporated King County. The district offers high quality education to approximately 7,200 students in 11 schools.

The district's mission is to prepare all students for college, career, and citizenship. With a focus on engaging and empowering all learners, Snoqualmie Valley schools offer rigorous academic curriculum, career education training, state-of-the-art technology resources, and project-based learning. Our district partners with professionals in the community to expose students to a variety of career experiences – helping them consider a wide range of options for the future, learn about relevant training or continuing education required for different careers, and realize their potential. Ultimately, our schools strive to prepare students for any path they may choose to pursue after high school.

Student achievement and the number of students choosing rigorous academic courses has trended upward in recent

years. The Class of 2018 graduation rate was 93.9% percent districtwide (95.8% percent at Mount Si High School). Snoqualmie Valley has been recognized for AP Honor Roll distinctions by the College Board, and Mount Si High School has been named on is among top high school bands in the nation, selected to perform at the Essentially Ellington Festival in New York five times, most recently in 2019.

Our school district is growing. (Enrollment has grown approximately 31% over the past ten years!) Thanks to the community's support of school bonds and levies, the district has been expanding school facilities and improving programs to serve our growing student population. Since 2016, for example, the district opened its 6th elementary school (Timber Ridge Elementary), and state-of-the-art security systems have been installed throughout all Snoqualmie Valley schools.

This fall marks an especially exciting time as our brand new, modernized and expanded Mount Si High School opened to serve Snoqualmie Valley students in grades 9-12! After years of planning and construction, students now benefit from ample space to learn and collaborate, outstanding technology resources throughout the facilities, new Career and Technical Education (CTE) course options, enhanced support for students with disabilities, and continued attention on ensuring successful freshmen transitions into high school. The campus was built on an elevated platform above ground-level parking – a design which complies with floodway and parking requirements, has added fortification for earthquake resilience, and supports significant security and safety

enhancements. Aesthetically, Mount Si High School features special design elements to honor the history of the Valley, with extensive natural lighting throughout the campus, and stunning views of the school's namesake and surrounding mountains.

Phase 2 of MSHS construction is continuing, and includes demolishing the old school, finishing new baseball and softball fields, preparing the sight to support a Performing Art Center, and adding bus lanes and parking.

Also starting this 2019-20 school year, Snoqualmie Middle School re-opened in place of the former freshman campus. This provided an opportunity to align best practices across all three SVSD middle schools, while alleviating crowding in grades 6-8. Two Rivers School transitioned to a "Big Picture" school this fall, offering a new educational program that centers around student-driven, real-world learning with worksite experience, community mentors and competency-based instruction for grades 9-12. And, the district is launching its One-to-one Computing Initiative this year. To ensure equitable access to resources for all students, every student in grades 6-12 will be given a laptop to use at school and at home, while enrolled in our district.

SVSD schools value a well-rounded education and offer a broad range of extracurricular experiences, to help students discover their passions for life-long learning. Staff work to create a positive and safe learning environment, where all students feel respected, valued, capable, loved and that

they belong to a caring and nurturing organization. At all levels, staff are focusing on the social and emotional needs of students, working to support, engage and empower all learners!

Strong community support, coupled with the daily efforts of exceptional staff, make the Snoqualmie Valley School District a very special place for children to grow and learn.

To learn more, explore the Snoqualmie Valley School District website svsd410.org, stop by the historic District Administration building (located at 8100 Silva Ave SE in downtown Snoqualmie), or visit your neighborhood school:

Proudly serving the communities of North Bend, Snoqualmie, Issaquah and Sammamish, Washington.

Biking destination!

Singletrack Cycles has been a fixture in the Snoqualmie Valley since 1994, long before it became one of Washington's premier mountain biking destinations. Singletrack Cycles has long been the area's leading full-service bicycle shop—one with a history of giving back to the community it calls home. We love providing great service not only in North Bend, but also the nearby towns of Snoqualmie, Issaquah, and Sammamish too. We have a great selection of Trek and Specialized bikes, from kids bikes to adult bikes, for trails, gravel or pavement.

Singletrack Cycles has been a longtime sponsor of the Tanner Jeans Bike Rodeo, Singletrack Cycles has provided thousands of free safety checks for children since the event's inception in 2004. Singletrack Cycles has also been a decade-long contributor to the Bikes for Books program and is a sponsor of middle and high school mountain bike teams Mt. Si MTB and Issaquah MTB Team and North Bend Bike Rodeo. Bikes received on trade or through donation are given a full tune-up and then donated at the end of the year as part of an Annual Holiday Kids Bike drive.

Similarly, the shop accepts donated adult bikes throughout the year and works with local nonprofits to place them with those in need.

Snoqualmie

CITY ABOVE THE FALLS

photo by: Brian Davis

Snoqualmie is famous for the natural wonder of Snoqualmie Falls, a breathtaking waterfall cascading 268 feet over granite cliffs. Also the Northwest Railway Museum and is Home of The Boeing Classic.

Snoqualmie is also known for a high quality of life, an emphasis on public safety, environmental sustainability, and economic growth. These elements come together to serve Snoqualmie's residents, business owners and their employees, and more than two million tourists who visit Snoqualmie each year.

As the fastest growing city in Washington for many years, Snoqualmie has more than 13,000 residents. Census data shows 35 percent of the Snoqualmie population is 18 years of age and under, the highest youth-to-adult ratio in King County. To that end, the city is highly supportive of school district initiatives, new and expanded parks facilities, youth programs, and local human services organizations.

With 41 parks and more than 30 miles of trails, Snoqualmie offers open spaces, athletic fields. Sports courts, tennis courts, play equipment for all ages, picnic shelters, barbecues, and event facilities. Among its notable parks are Centennial Fields, Snoqualmie Community Park, Jeanne Hansen Community Park, and the Three Forks Off-Leash Dog Park.

There are more than 30 miles of hard-surface and soft-surface trails accommodate walking, hiking, biking, and horseback riding. More information about the City's parks and trails is available at cityofsnoqualmie.org. To request a map, email info@ci.snoqualmie.wa.us.

photo by: Don Detrick

Snoqualmie has many events throughout the year, including Snoqualmie Railroad Days; Movies and Music in the Park; Finally Art and Wine Walks; Red, White and Boom Fireworks; and the Tree Lighting Festival.

Follow us on Facebook or visit cityofsnoqualmie.org to hear about these and other community events.

TOP THINGS TO SEE IN SNOQUALMIE

photo by: Brian Davis

Snoqualmie Falls

Snoqualmie Falls is one of Washington state's most popular scenic attractions.

The 268 foot waterfall, 100 feet higher than Niagara Falls, is enjoyed by more than 1.5 million visitors come to the Falls every year.

snoqualmiefalls.com

Historic Snoqualmie Depot

Originally built in 1890, the Snoqualmie Depot has been restored to its turn-of-the-20th Century grandeur and functions as an operating train station. Visitors traveling on the Snoqualmie Valley Railroad can purchase boarding passes at the original ticket window and view the railroad history exhibits. Visit the gift shop and bookstore. The Snoqualmie Depot is listed on the National Register of Historic Places and is a City of Snoqualmie and King County Landmark.

trainmuseum.org

Northwest Railway Museum

The largest and oldest continuously operating railway museum in Washington State welcomes over 88,000 visitors yearly to its historic depot and 7 ½ acre developing Railway History Center. The museum's collection of railway artifacts and equipment is one of the most significant in the United States and includes over 70 examples of locomotives, passenger and freight cars, and specialized railway equipment. Antique train excursions operate on weekends, April - October.

trainmuseum.org

Salish Lodge

Overlooking Snoqualmie Falls, just 30 minutes east of Seattle and Bellevue, Salish Lodge & Spa is a Washington State resort getaway, perfect for those seeking an authentic and memorable escape from the everyday. Dine on mouthwatering Northwest cuisine hand-crafted from seasonal ingredients, savor the serenity of The Spa, then drift off to sleep in front of your cozy fireplace in one of our newly renovated guestrooms. We invite you to experience the iconic Salish Lodge.

salishlodge.com

Snoqualmie Falls Hydroelectric Museum

PSE's historic Carpenter Shop and Train Depot, which chronicle Charles H. Baker's 1898-1899 development of the world's first underground power station, house the hydroelectric museum's exhibits.

pse.com/pages/tours-and-recreation/snoqualmie-tours

Snoqualmie Point Park

An 8-acre park that offers one of the region's grandest views of the Snoqualmie Valley, Mount Si, and the Cascade Mountain Range all the way to Mount Baker. It is an excellent venue for outdoor concerts, weddings, company picnics, and family reunions. It also provides access to the Rattlesnake Mountain Trail. The Snoqualmie Point Park lower parking lot is free and the upper parking lot requires a Discover Pass because it is the trailhead to the Rattlesnake Mountain Trail.

Snoqualmie Indian Tribe

WELCOME TO OUR VALLEY

The Snoqualmie People have been here for time immemorial – thousands of years. We welcome you to our homelands.

We are taught that the Transformer, Moon, changed the land to be what it is today for the People. The Snoqualmie Valley provided us with everything we could ever want. Even today, though there have been many changes and impacts, our Valley is an abundance of resources and beauty. From our mountains following our Snoqualmie River and water ways through the Valley, we live in one of the most beautiful and unique places.

You are standing on the Indigenous Land of the Coast Salish peoples who have reserved treaty rights to this land, specifically the Snoqualmie Indian Tribe (sduk^walbix^w). We are the original stewards of this land and we continue to advocate for all of our homelands to this day.

We invite you to join the estimated 2 million annual visitors from around the world at our sacred Snoqualmie Falls. This sacred site is a special place in this region and continues to be a place of gathering as it has for time immemorial.

When visiting and experiencing our Valley, please keep in mind the long history of this area and the unbroken connections the Snoqualmie People have here. This has always been our

home and it is our duty to protect and steward our homelands. Please be mindful as you take part in recreating in our home.

The Snoqualmie Indian Tribe is a federally-recognized sovereign Indian Tribe and a signatory to the Treaty of Point Elliott of 1855. The Tribal Government headquarters

are located in East King County. For more information visit snoqualmietribe.us.

Snoqualmie Pass

ADVENTURES FOR EVERY SEASON

photo by: Karter Riach

The Summit at Snoqualmie

Just 20 minutes from North Bend on Interstate 90, The Summit provides a fun, convenient escape 7 days and 6 nights a week. From the famous steeps and Back Bowls of Alpental to the forest trails at Summit East, there is a wide variety of terrain for every ability level across The Summit's four unique mountain areas. The local mountain also offers terrain parks, over 50km of Nordic trails, snowshoe rentals, and a Tubing Park for guests of all ages to experience an easy winter thrill.

The fun doesn't stop when the sun goes down! Night skiing is a big part of the mountain culture in this region and you'll find the most lit terrain in the United States, right here in your own backyard.

The Summit has a long-standing tradition of offering value-based season passes for local skiers and snowboarders, as well as beginner lesson and rental packages that make it easy and affordable to become a lifelong skier or snowboarder. If you ask a friend or family member where they learned, odds are it was at The Summit.

The Summit at Snoqualmie is currently closed during the summer, but there is still plenty of outdoor fun at Snoqualmie Pass during the warmer months. You'll find endless miles of trails to hike, all providing a unique journey through the stunningly beautiful Central Cascades and Alpine Lakes Wilderness. You can also take your adventure to the water on

one of the many local lakes by way of kayak or canoe. Taking a dip in the clean mountain water is a great way to cool off after a hike on a hot summer's day.

photo by: Karter Riach

The most prestigious rally school in all of North America.

Nestled in the foothills of the Cascade Mountain Range in the scenic town of Snoqualmie, WA, DirtFish Rally School was established in 2010 with the idea that the exciting sport of rally should be accessible to everyone.

The best drivers are able to drive on any surface, at any time, in any weather. DirtFish teaches car control, confidence, and safety behind the wheel, through advanced driving techniques built from the roots of rally. From fifteen years of age with a learner's permit, all the way up to the sophisticated age of 85, we teach everyone! With instructors from a multitude of driving backgrounds, we cater to all disciplines to enhance their driving ability; whether it is a mom that wants the confidence to drive her children to school in the winter, a stunt driver who needs more seat time to practice their various skills on multiple surfaces, or a professional road racer looking to gain better control on the track.

Armed with an immaculate fleet of turbocharged, all-wheel-drive cars, right from the beginning DirtFish was equipped to share with anyone the excitement of what a real rally car can do on a loose surface.

Get behind the wheel of a high-performance rally car year-round!

Emergency Preparedness

Are You Ready for a Disaster? At any time, a disaster could strike and affect you and your family. From flooding to snowfall or from long term power outages to pandemic flu, we are all vulnerable, and we all should be prepared. **48% of Americans are not ready - are you?**

Earthquake

The Snoqualmie Valley and the Seattle Metropolitan area is prone to earthquakes. Many fault lines run through the region and can shift at any time. Do you know what to do if an earthquake strikes? First, protect yourself from injury. If driving, pull your car to the side of the road until the shaking stops. If you are outside, stay away from buildings. If you are inside, drop – cover – and hold on:

If you are in bed, lay face down and cover your head and neck with a pillow. Do not run outside, and do not stand in a doorway. For more on earthquake safety, go to ready.gov/earthquakes

Earthquakes happen almost every day in Washington State, although most are not large enough to realize. Large earthquakes are rare but are likely to happen in your lifetime. Being prepared BEFORE the quake happens is very important. Here are a few things you can do now to better prepare yourself if an earthquake happens in your community:

- Prepare to be without electricity, water, natural gas, phones, gas for your vehicles, or access to internet (Grocery stores may be without power or closed for an extended period).
- Be prepared for at least five days on your own.
- Make an emergency response plan for your family.
- Know hazards around you. For example, earthquakes can trigger landslides.
- Participate in the yearly “Great Shake Out” drills.

When an earthquake does happen, you need to know what to do. Drop to your hands and knees, cover your head and hold on. Stay covered and protected until after the shaking stops. Keep far away from anything that can fall on you or break and cause injuries. It is very important that you practice these steps above, so you know what to do if an earthquake happens.

Winter Safety Tips

The Snoqualmie Valley and Seattle metropolitan region have been hit with some significant winter events. In 2019, three-feet of snow fell in the North Bend, WA area confining people to their homes for multiple days. Do you know what to do if a winter storm hits the region? The following are some recommendations on how to be prepared for a winter storm. First, stay off the roads. Driving on unplowed roads can be slippery or cause you to get stuck. Once stuck, plows and other emergency vehicles may not be able to pass. It is best to stay put in your warm house. You should also be prepared for power outages. Limbs with heavy snow may break and cause power outages.

The Puget Sound Energy (PSE) outage map: pse.com/outage/outage-map can be beneficial in learning where power is out and for how long. If you have a generator, make sure it is run outside away from the house, as this will prevent accidental carbon monoxide poisoning.

Go to: ready.gov/winter-weather for more winter weather tips.

Drowning Prevention

Drowning is a preventable tragedy and an important public health and safety issue. Warm weather draws people to lakes, rivers and saltwater areas. This creates high risk situations for the individual, others, and rescuers. Swimmers, boaters, and other water recreationists should follow these recommendations to prevent drownings:

- **Know the risks** - Rivers are cold and the water moves fast. Waters are often cold enough to cause muscles to cease and cramp, even on the hottest summer day. Cold water can weaken even the strongest swimmer.
- **Learn to swim**, including water safety and survival skills - To enjoy the water safely, learn swim strokes, water safety, survival skills, and become comfortable in the water.
- **Wear a lifejacket** - Always wear a U.S. Coast Guard approved lifejacket when boating, tubing, paddle boarding, rafting, swimming or when participating in other activities in or on the water.
- **Swim where there is a lifeguard** - Swim in areas with lifeguards when possible.
- **Supervise children in or near water** - Always provide close and constant attention to children you are supervising in or near water.
- **Do not use alcohol or drugs during water activities** - Never use alcohol or other impairing drugs during water and boating activities, or while supervising children around the water.
- **Learn first aid and CPR** - Eastside Fire & Rescue provides public CPR/First Aid training. Register today at Eastsidefire-rescue.org.

Eastside Fire & Rescue and Local 2878 Benevolent Fund have personal floatation device (PFD) loaner stations at several locations in the community.

There are three life jacket loaner stations located at Lake Sam-

mamish State Park, one station at Rattlesnake Lake, and two stations in Fall City on the Snoqualmie River. The program is funded by: Seattle Children's Hospital, King County Drowning Prevention Network, Paris White Foundation, and Eastside Firefighters Benevolent Fund.

Wildfire

Wildfires are becoming a popular topic in western Washington. This threat is increasing, and residents should be aware of how to protect themselves from fire. The following are some tips on how to protect your house against wildfire. First, create a green space around your property. Grass and other less green-trees slow the spread of fire. It is also essential to keep your gutter and roof clear of dried debris. It can catch fire and put your home at risk. Remove dead and dry materials from around your yard. And, limb-up dry trees approximately six to ten feet up from the ground. This will prevent ground fires from burning up a tree and starting a massive wildfire.

For more information on wildfires, go to:

nfpa.org/Public-Education/Fire-causes-and-risks/Wildfire/Wildfire-safety-tips.

Preparedness Kits

Do you have 3 to 7 days of water, food, medication, first aid kit, baby supplies, and cash? Do you have copies of essential documents such as insurance policies, passport, and driver's license?

All these items should be kept in a safe place that is easily accessible in the event a disaster strikes. Either homemade or commercially bought preparedness kits work great.

Go to ready.gov/kit to learn more about preparedness kits.

Recreation

Jets Gymnastics Express

425-888-0349
www.jetsgymnasticsexpress.com
"We bring the gym to you!"

We are a mobile gymnastics company that has been serving Washington State for over 20 years. We teach sound, basic tumbling and gymnastic skills in a fun, non-competitive environment. We believe that encouragement and positive motivation are keys to a child's achievement and self confidence. Ages 2 years to 12 years.

SUPPORT LINE: 425-888-0096

Snoqualmie Valley Transportation

Proudly serving North Bend,
Snoqualmie, Fall City, Preston,
Carnation, Duvall and Monroe.

**Age 10+ may ride
unaccompanied. All buses
have bike racks and are lift-
equipped. Use one of the
many hop-on, hop-off routes
or call to book a ride.**

(425) 888-7001. More info at
www.STVBus.org

**Little Cities, little buses. SVT
does rural right.**
